COUNTY SCHOOL TERM TO BE EXTENDED TWO MONTHS

At the regular monthly meeting of the County Board of Education it was agreed that all schools of Bourbon county may extend the term for two months, provided the teacher will teach free for the first month and also provided that 25 per cent. of the pupils (based on census) in all districts attend. Schools must begin at 8:30 o'clock and be in session six hours, not including intermissions.

AMONG THE MOVERS.

Probably never in the history of the city and county has so much real estate and so many farms changed hands as in the last few months. As most of these sales were made subject to possession on March 1, this has been and will be a busy time for the movers.

The readjustment of homes has caused an extraordinary demand for household furnishings of all kinds, and Paris dealers in this kind of merchandises are making record-breaking sales.

AMONG "THE TRAVELERS."

The following notes regarding Paris traveling men are taken from the Lexington Leader of Sunday, from their special department, "Doings of The United Commercial Travelers":

"Noah Rose, representing Spears & Sons, Paris, was up the L. & E. the past week.

"Ben 'Biscuit' Downey, representing the National Biscuit Company, reports business fine down the Q. & C.

"J. L. Mattox, selling Beech-Nut products, was working the trade in Eastern Kentucky the past week. Mr. Mattox's home is in Paris."

THINGS TO WORRY ABOUT

Mr. James H. Thompson, who has recently returned from an extended visit in St. Petersburg, Florida, brought to THE NEWS office a copy of the St. Petersburg Daily Times, of Tuesday, February 25. In glancing over the paper we note among other striking important items on the society page, the following, which reads very much as if Luke McLuke was on the Times staff:

"For Martini and Bronx Cocktails go to Nikko, 175 Central Ave.—Adv. "Mr. and Mrs. H. E. Closeline, of Washington, D. C., are in the city for the season and are guests of Mrs. E. J. Young at 308 Second avenue, north."

A NEW ADJUNCT TO THE A. R. JOHNS STUDIO.

Mr. A. R. Johns is always striving to add something to his studio that will insure to the benefit of his patrons. For some time he has been experimenting on a device that would lessen the danger of a sitter blinking when the full light from his big new flashlight and daylight-defying machine should be turned upon them. Success finally crowned his efforts, and he is now enabled to make the most lifelike and "fetching" likeness of sitters which will in no way show them as blinking or avoiding the full glare of the light. He has perfected a remarkable system of lighting that gives the finished product all the lifelike appearance and soft tones of the most delicate lighting. With this machine remarkably fine photos can be taken at night, with the same effect of the softest daylight. Mr. Johns is now prepared to take care of his patrons and show them what an artist can do with an artistically arranged system of lighting.

LEXINGTON DEFEATS PARIS

The "Lightning Five," a Lexington Y. M. C. A. basketball team, defeated the Paris High School team Friday night on the Paris floor by a score of 27 to 14. The Paris team lined up as follows: Roberts and Chandler forwards; Flanders center; Dundon and Lawrence, guards; Referee—Cox.

The Paris team will play a return game on the Lexington floor next Friday night, and hope to come home with the game in their pockets.

MARCH CAME MARCHING IN.

True to form March came "in like a lion." High winds, shrieking to herald the advent of a cold spell, noisily ushered in the month of March, and pedestrians went hustling along after their headgear, which the rude winds played with as if in a merry mood. The winds of Friday were followed by rain, after which the mercury took a decided drop. And then the weather changed again, and for the past two days has been almost springlike. We will all anxiously look for the "going-out-like-a-lamb" end of the March performance.

ARTISTIC WALL PAPERS.

There has been a revolution in the designing and making of wall papers during the past few years. Our displays this season are a most startling of that fact. We show designs that are real works of art, even in the low-priced goods. Many of the novelties in landscape effects in our line are so natural and beautiful that they rival genuine oil paintings of great artists.

Get in on the ground floor and make your selection before others secure what you might have wanted.
